## PATTERN INFORMATION

The Hazy Whisper Sweater is worked from the top down in Stockinette stitch, forming a clean V-neckline and a straight silhouette. The yoke is shaped in three parts using M1R and M1L increases. Work begins flat to form the V-neck opening, and once the neckline is joined, the work continues in rounds. The construction creates a smooth fabric with long, slim sleeves and a straight body, resulting in a simple and balanced fit. The sweater is made holding 1 strand of each yarn together throughout the pattern.

## YOKE

The Yoke is worked flat using 4 mm / US 6 needles. This section is knitted in Stockinette stitch. The Yoke is shaped in three parts: in the first part, the shoulder width is formed using M1L and M1R increases. In the second part, the Front and Back are worked straight, and the M1L and M1R increases are made only for the Sleeves. In the third part, increases are worked across all sections. During this third part, the V-neck is joined, and from this point on, the work continues in the round.
